Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal:

(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. - (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal.
  - DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations  This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications.  See enclosed documentation.
  - Qualifying Remarks:
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within its industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals.  Not applicable.  See attached justification for rejection of a subcontractor's bid or proposal.  Qualifying Remarks:
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers; and, segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal.  Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion.  See enclosed comments.  Qualifying Remarks:
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met.  Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime.  Qualifying Remarks:
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces.  Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion.  Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime.  See enclosed comments.  Qualifying Remarks:
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor.  See enclosed documentation on initiatives undertaken and methods to accomplish.  Qualifying Remarks: We included this verbiage in our RFQ, but had no one request this assistance.
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program.  See enclosed documentation of initiatives and/or agreements.  Qualifying Remarks: We included this verbiage in our RFQ, but had no one request this assistance.
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs.  See enclosed documentation.  The following services were used: Followed vendor list provided and attended SLBE Fair in Tampa

RE: EBO Bid Compliance Evaluation - GFCEP Solicitation and Utilization Audit

**PROJECT:** 22-C-00024 Wastewater Gravity Sewer Rehabilitation by CIPP FY22  
**LOW BIDDER:** Miller Pipeline, LLC  
**BID AMOUNT:** \$2,669,490.00

**U-WMBE (BBE) and SLBE Subcontract Goal:** 4.0%  
**U-WMBE/SLBE Goal Attainment:** 4.0%  
**Good Faith Effort Compliance:** Compliant-Met Requirements

The Equal Business Opportunity Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by Low Bidder Miller Pipeline, LLC and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) at time of bid by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE/SLBE eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly tailored based on two (2) out of four (4) subcontract categories wherein the requisite, eligible U-WMBE/SLBE companies represented a minimum availability group of seven (7) firms, within an overall availability group of twenty (20) available COT certified companies by subcontract tasks.

*NOTE: The subcontract goal is narrowly tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly tailored goal but may count toward the bidder's overall project participation when GFCEP criteria for the underutilized group are met.*

**U-WMBE/SLBE Subcontract Goal Attainment**

Certification Type	Classification	Classification	Totals
Dual Certified U-WMBE/ SLBE	BBE	SLBE	4.0%

**Ancillary Participation**

Certification Type	Classification	Totals
WMBE	n/a	n/a

**Compliance Statement:** Miller Pipeline, LLC achieved 4% U-WMBE participation representing BBE-African American. The scope of CIPP requires specialized equipment and application technology. Subcontract opportunities and availability of CIPP subcontractors are limited.
